

ORGANIC CHEMISTRY FACULTY POSITION AT NEW MEXICO STATE UNIVERSITY

The Department of Chemistry and Biochemistry invites applications for a tenure track position at the assistant professor level, beginning in August 2010 or earlier. The Department offers BA and BS degrees in Chemistry and Biochemistry and MS and PhD degrees in Chemistry. Candidates in all areas of organic chemistry should apply, particularly those in the areas that complement existing strengths. The successful candidate is expected to establish an active and externally funded research program in organic chemistry. A PhD degree in Chemistry or closely related field is required. Postdoctoral experience is highly desirable. Essential to this position is a strong commitment to teaching at the undergraduate and graduate levels. Candidates are required to submit the following in hard copy: a letter of application; a complete CV; summary of research plans and teaching philosophy; copies (unofficial) of graduate and undergraduate transcripts; and three letters of recommendation. Send to: Dr. James W. Herndon, Chairman, Organic Faculty Search Committee, Department of Chemistry and Biochemistry, Box 30001, Dept. 3C, New Mexico State University, Las Cruces, NM 88003-8001. Review of applications will begin on October 13, 2009, and will continue until the position is filled. New Mexico State University is an Equal Opportunity/Affirmative Action Employer. Offer of employment is contingent upon verification of applicant's eligibility for employment in the United States and upon completion of a national security and background check.
